

## **MPA-PLASTIC RESINS PRODUCERS GROUP (MPA-PRPG)**

The **MPA Plastic Resins Producers Group (MPA PRPG)** was established on August 29, 1991 as an industry group operating under the aegis of the Federation of Malaysian Manufacturers (FMM). It was subsequently subsumed as a product group under the Malaysian Petrochemicals Association (MPA) when the latter was set up on March 19, 1997.

### **Objectives:**

- 1) To promote cooperation amongst the plastic resins producers in Malaysia.
- 2) To promote the development of the plastic resins industry in Malaysia by formulating recommendations on investment and export incentives, market protection and other measures.
- 3) To compile and disseminate information of common concern and to provide facilities for consultation and exchange of views between members.
- 4) To undertake such activities that will further advance the interest of members in the industry group.

### **Membership:**

Membership in PRPG is open to manufacturers of plastic resins in Malaysia. Plastic Resins Manufacturers is defined as “Producers of Polymers / Co-Polymers such as PVC, PS, PP, PE, ABS, PET and other thermoplastic or thermosetting resins from raw material obtained from upstream petrochemical companies for use by downstream plastic fabricators”.
