

chemSHERPA Workshop 2018 for USERS

Introduction

Worldwide chemical substance regulations such as RoHS and REACH are increasingly strengthened to achieve the committed SAICM* goal of sound management of chemical by 2020, that “chemicals are used and produced in ways that lead to the minimization of significant adverse effects on human health and the environment.” To keep businesses prosper under these complex regulations firms need to establish an efficient chemical substances management system that helps tracking not only chemicals in products (CiP) information throughout the supply chain but also updates on relevant regulations worldwide.

chemSHERPA is a scheme developed by Japan’s Ministry of Economy, Trade and Industry (METI) to facilitates sharing information on chemicals in products. This scheme also integrates JAMP and JGPSSI* data entry tools to become a unified data entry and information transfer tool for the industry. Leading multinational firms in Japan are supporting chemSHERPA and using chemSHERPA for their CiP information management.

This seminar aims for group or division managers who are tasked to manage chemical substances in products and/or oversees products’ compliance to international chemical substances regulations. The goals are to align fundamental understanding on the importance of reliable CiP information and to introduce chemSHERPA scheme and its various data support tools and functions developed to help firms manage and response to clients information requests in a more reliable and efficient manner.

*SAICM: Strategic Approach on International Chemical Management

*JAMP: Joint Article Management Promotion-Consortium

*JGPSSI: Japan Green Procurement Survey Standardization Initiative

*AOTS: The Association for Overseas Technical Cooperation and Sustainable Partnerships

■ Targets and Educational Purposes

The seminar targets users of CiP information entry and management, highly accurately and surely promoting data entry and the management, and information handling service among customers and suppliers.

The educational purposes are for understanding the importance of CiP information handling and accurate, efficient, and sure information exchange among customers and suppliers and for sufficiently training the information handling by chemSHERPA.

■ Date & Venue

Date	Place	Capacity	Venue
28 - 29 Nov. 2018 (Wednesday-Thursday)	Johor Bahru	30	Renaissance Johor Bahru Hotel 2, Jalan Permas 11, Bandar Baru Permas Jaya, 81750, Masai, Johor
5 – 6 Dec. 2018 (Wednesday-Thursday)	Penang	30	Hotel Equatorial Penang 1 Jalan Bukit Jambul Bayan Lepas, 11900 Penang
22 - 23 Jan. 2019 (Tuesday --Wednesday)	Subang Jaya	30	Dorsett Grand Subang Hotel Jalan SS 12/1, SS 12, 47500 Subang Jaya, Selangor
