

Growing Through the Cloud

A Speaker Series by
AMCHAM, MDEC, &
The U.S. Embassy

Level 2
Dewan FMM
Wisma FMM

6 December 2018
9.00am – 12.00pm

FREE

SME Awareness on Cloud & Cybersecurity

The widespread availability of cloud computing services is radically reducing entry barriers for innovative companies offering new and exciting products and services within the growing digital economy. Gone are the days when startup companies need to allocate significant proportions of their initial capital to setting up their own IT system and defenses. AMCHAM and MDEC, with the support of the U.S. Embassy, invite Malaysian small businesses to this half-day programme which will shed light on how SMEs can use the cloud to become the giants of tomorrow!

This free-of-charge event is open to both members and non-members. It will be of particular relevance to SMEs within the manufacturing and logistics space that are interested in learning more about cloud technology.

Targeting Participants

- Non-Cloud adopters
- Sceptical SMEs to go on Cloud
- SMEs that can benefit from the Cloud
- Manufacturing & Logistics Sector

This talk is brought to you by:

Malaysia Digital Economy Corporation Sdn Bhd (MDEC) pioneers the transformation of Malaysia's digital economy, pursuing a digital future that unlocks significant economic, environmental and social value within the nation.

The American Malaysian Chamber of Commerce (AMCHAM) is the voice of U.S. businesses in Malaysia, providing business information to its members, and actively serves as a platform to represent members' interests to Malaysian and U.S. stakeholders.

The U.S. Embassy in Kuala Lumpur is the only American representation in Malaysia. Both countries share a diverse and expanding partnership in trade, investment, and educational and cultural relations, as well as cooperate closely on security matters, including counter-terrorism, maritime domain awareness, and regional stability.

This event is organised by FMM and sponsored by the Malaysia Digital Economy Corporation Sdn Bhd under the FMM Business Promotion Package.

DISCLAIMER: FMM reviews requests by solution/technology providers for a platform to create awareness and market their products/services to FMM members. The FMM Business Promotion Package is offered when the solutions, technologies, and products/services are deemed as useful and relevant in improving members' operational efficiency. The FMM Business Promotion Package does not constitute as an endorsement by the FMM of the products, services and technology providers.
