## COMPUTEX TAIPEI

Since 1981, COMPUTEX TAIPEI has been the world's leading B2B ICT/IoT (Internet of Things) trade show and developing into a global startup platform. While evolving in sync with global ICT industry trend, COMPUTEX 2017 positions itself as Building Global Technology Ecosystems, focusing on 4 main themes: IoT applications, innovations & startups, business solutions, and gaming & VR, with 4 featured exhibiting areas: SmarTEX, InnoVEX, and iStyle, and gaming & VR.

COMPUTEX 2017 is re-positioning itself to **Build Global Technology Ecosystems** with new themes on **AI & Robotics, Innovations & Startups, Business Solutions, IoT Applications, and Gaming & VR**. The result of an effective transformation last year brings more buyers and opportunities for COMPUTEX exhibitors and participation from industry leaders such as **ASUS, COOLERMASTER, MICROSOFT** and many others are expanding their display areas in 2017. Visitors will also see the latest innovations from **ABB, ACER, E-LEAD, INTEL, SUPERMICRO, THERMALTEK** and other international companies.
