ASEAN HOT SPOT FOR ADVANCED METALWORKING SOLUTIONS

Located in the heart of ASEAN, the magnet of global foreign investment, **The Grand METALEX 2016** will set future industrial trends in terms of technologies, policies, investment, and commercial. The event has become the industrial iconic event where over 100,000 manufacturing industrialists will experience the revelation of the most cutting-edge metalworking solutions, machinery and technologies from 3,300 brands and 10+ International Pavilions. It is an all-under-one-roof launch pad where the visitors expand their horizons while learning and networking in concurrent content-rich conferences, i.e. "METALEX Congress," "METALEX Nano Forum," "Metallurgy Forum," and "METALEX Conferences," while finding future partners in "BUILD Market Place" and "Business Matchmaking" activities. It is where ideas are born, relationships are forged, and business gets done.

WHO SHOULD ATTEND?

Representatives from Metal Components & Products, Parts & Bearing, Electrical & Electronics, Aerospace & Automotive Parts, Oil & Gas, Motor & Vehicles, Transport Storage & Handling, Ship Building & Marine Engineering, Tools, Building & Construction, Mould & Die, Engineering, Material Testing & Inspection, Petroleum & Petrochemical, Rubber & Plastic Products Manufacturing
