/PER PARTICIPANT

(Fee is inclusive 6% of GST and inclusive of Materials, Refreshments, Lunch & Attendance Certificate)

Industrial waste management is one of the key problems faces by manufacturers due to the ever increasing volume and complexity of discarded waste. Companies are aware of the need to establish better practices and safer solution for waste disposal. This requires further investigation into disposal methods and recycling as well as new technologies to monitor landfills and reduce volume of industrial waste. The Government has established financing schemes to support companies which embark on waste management projects.

Presentations Topics:

- Updates on Legislative Requirements of Industrial Waste Management in Malaysia
- The Important of Accredited MS Certification & Challenges of Implementing ISO 14001:2015
- Sharing Best Practices in Industrial Waste Reduction – Lynas Malaysian Sdn Bhd
- Sharing Best Practices in Industrial Waste Reduction – Qualem Resources Sdn Bhd
- Sharing Best Practices in Industrial Waste Reduction – YTL Cements Sdn Bhd
- Facilitation by MIDA in Promoting Waste Management Activities
- Green Technology Financing Scheme (GTFS)
