TRACK & MONITOR REAL TIME

*This event is organised by FMM and sponsored by TrackSol International Sdn Bhd under the FMM Business Promotion Package. FMM reviews requests by solution/technology providers for a platform to create awareness and market their products/services to FMM members. The FMM Business Promotion Package is offered when the solutions, technologies and products/services are deemed as useful and relevant in improving members' operational efficiency. Offering of the FMM Business Promotion Package however does not constitute as an endorsement by the FMM of the products, services or technology providers.

Speaker

Lee Eng Sia
Managing Director
TrackSol International Sdn Bhd

Lee Eng Sia has been involved in manufacturing, IT and many other businesses for over 35 years. He started the Premier tissue brand. He developed many innovative IT solutions for own use. Real time Inventory tracking is the most useful system for SMI/SME.s

TrackSol International Sdn Bhd, an associate company of Mobile Money International, and incorporated in Malaysia 11 years ago has foot prints in Malaysia, Indonesia and Africa. It specialises in providing real time tracking / monitoring solutions via information communication technology. TrackSol designs and manufactures its own handheld terminals and also data capturing devices, thus, giving them a major advantage on security over standard devices. TrackSol also develops its own firmware and software modules. With all the firmware and hardware developed in-house, TrackSol has full control, end to end, giving incredible flexibility.
