FMM SUPPLY CHAIN WEBINAR 2024

**Understanding Freight
Forwarding and
Multimodal Transport
to Facilitate Export-
Import Procedures**

- **March 20, 2024
Wednesday**
- **9.00am – 1.00pm**
- **Zoom**

In a globalised world, distance is no longer a barrier to trade. The movement of goods across borders requires freight forwarders to facilitate multiple contracts, navigate complex schedules, and handle the hassles of switching between transport providers.

The knowledge on two main areas that are crucial for export-import procedures, namely freight forwarding and multimodal transport will be shared in this Webinar by invited speakers from established organisations. Participants will:

- Understand key concepts implemented by the freight forwarding industry; and
- Gain information on the procedures and documents required in arranging multimodal transport.
