

FMM Briefing Session on:

Guidance Note on Ventilation and Indoor Air Quality (IAQ) for Public Area During Covid-19 Pandemic

September 21, 2021 (Tuesday) ❖ 2.15 pm - 3.35 pm

The National Security Council Malaysia has made it compulsory to ensure proper ventilation in indoor premises including factories in accordance with the Department of Occupational Safety and Health (DOSH) Guidance Note on Ventilation and Indoor Air Quality (IAQ) for Public Area During Covid-19 Pandemic in the National Recovery Plan Standard Operating Procedure (SOP).

Adequate ventilation can help to reduce the concentration of airborne contaminants including viruses thus reducing the risk of aerosol transmission.

Join this **FREE** briefing session by registering at this link:
