(Logistics / Regulatory Affairs / HSE Manager / Officers)

Briefing to Industries:
2010 HNS Convention
August 18, 2014 (Mon)
11.00 a.m. - 12.30 noon * Wisma FMM, Kuala Lumpur

Members are cordially invited to participate in the briefing-cum-consultation session on the 2010 HNS Convention or the International Convention on the Liability and Compensation for Damage in Relation to the Carriage of Hazardous and Noxious Substances (HNS) by Sea, 2010.

Malaysia intends to ratify this Convention at the earliest opportunity in 2015. As a prerequisite to ratification of the Convention, Malaysia is required to submit information on the quantities of HNS received in Malaysia and to have in place a national legislation implementing the provisions of the Convention.

The implementation of the Convention will not only affect shipowners, but also likely the manufacturing industries, in particular the chemical sector; as actual importers of HNS.

Introduced by the International Maritime Organization (IMO), the Convention ensures adequate, prompt and effective compensation for damage to persons and property, costs of clean up and reinstatement measures and economic losses resulting from the maritime transport of HNS.

The Maritime Institute of Malaysia (MIMA) will share salient points on the implications of the proposed HNS legislation on industries in Malaysia and to seek feedback from industry representatives, especially since they are defined by the Convention as receivers of HNS and therefore obligated to contribute to the HNS Fund when necessary.

Participation is free and please register your attendance using the registration form below by August 14, 2014 (Thursday).
