BERS**

In the World Economic Forum 2017, it is reported that 84% of the business leaders expect the Industrial IoT (IIoT) will disrupt their operation models within the next 5 years. With this imminent trend, the talk on Smart Factory is aimed to share on Operation Optimisation, Predictive Maintenance, Inventory Optimisation as well as Health & Safety.

Connectivity is the key to Smart Factory and let's get to know the technologies behind Smart Factory. This full-day talk is carefully tailored with case studies and live demos to help manufacturers to better understand and realise Smart Factory.

Who Should Attend:

Managing Directors, CEOs, COOs, CTOs, GMs, Operation & Production Managers
