HEALTH**

CONFINED SPACE ENTRY

📅 July 5, 2012 (Thursday) 📍 FMM Institute, Perak 🕒 8.45am – 5.00pm

In Malaysia, we have heard and read about tragedies where employees have lost their lives in the confined space. It is with that thought in mind that the Department of Occupational Safety and Health (DOSH) introduced the Code of Practice working in a confined space area in 2001. The code of practice is a legal requirement under the Occupational Safety and Health Act 1994. Basically confined space is in every factory premises but failure to recognize or lack of awareness is the biggest pitfall. Therefore this course is specially design to educate the participants on the requirement found on the Code of Practice for working in a confined space.

Course Contents

- What is confined space
- Examples of confined spaces
- Understanding the legal requirement for confined space
- What are the Obligations of the employer, employee etc.
- The scope and application of confined space
- Why confined spaces are regarded hazardous
- Understanding the terminologies related to confined spaces
- What are the roles of confined space entry supervisor, entrant, AGT, Standby person etc.
- Confined space programme including entry requirement (permit to work in confined space)
- The role of ERT members in relation to confined space
- The importance of trainings

Trainer

Mr Moorthy Kasinathan possesses a Masters in HR specialising in Occupational Safety and Health from Southern Pacific University, US and is a Competent Occupational Safety and Health Officer registered with Jabatan Keselamatan dan Kesihatan Pekerjaan (JKKP). He holds several Certificates namely Certificate in Occupational Safety, Health and Environment (MAP), Workplace OSH, Industrial Safety, Fire Fighting, Electrical Safety, Supervisory Leadership Development, Effective Presentation Skills, Production and Operations Management (MIM) and has attended short courses by NIOSH namely Train the Trainer Methodology and First Aider. He started his career in 1977 with Euromedical Industries as an Operations Superintendent (15 years) and moved on to a Multinational company as an Environmental, Safety and Health Executive for which he has worked for 13 years. His responsibilities include plant safety audit, machinery safety verification, PPE, emergency response plan, accident investigation, monitoring industrial hygiene and acts as an Asbestos Manager liaising with JKKP and Jabatan Alam Sekitar. He is an OHSAS 18000 as well as ISO 9000 Lead Auditor.

Mr Moorthy has conducted numerous Public and In House courses on all areas of Safety and Health throughout Malaysia since 1995. For the past 17 years, he has conducted courses for organisations such as Schottglass, Hi-Touch Resources, GH Packaging, Monetec Audio, Maersk Medical, Asian Institute of Quality and Productivity Management, Jabatan Kesihatan Kedah, JKKP Kedah/Perlis and Euromedical Industries. He has also conducted a Safety Awareness course for Mecincroft comprising of US, UK, Phillipines and Singapore citizens involved in offshore and underwater construction in Batam Island, Indonesia. His area of Training expertise include Fire Fighting, Chemical Safety, OSH Legislation, Emission Monitoring, Environment, Electrical Safety, Waste Management and other OSH related areas. He has presented papers at Safety and Health Seminars organised by JKKP, PERKESO and other related government agencies on invitation.
