Overview	The Risks in your Supply Chain affect everyone – Marketing, Finance, Operations, Risk Management, Budgeting, Legal and the Supply Chain management team and If your organization depends on a supply chain for survival and growth, then Supply Chain risk is a factor that needs to be considered. Anyone directly or indirectly involved in the supply chain within an organization is continually at risk for some type of disaster or interruption – that causes at a minimum of lost time and money and at worst, closure of business. Loss from inadequate SCM risk management can be much worse without a common understanding and plan across an organization from Finance to Legal to Operations. You’ve got to know the risk you face, understand the factors in your situation and have a flexible plan in place
Objective	<ul style="list-style-type: none"> Identify and overcome the top internal challenges impeding the development of an effective supply chain risk management strategy Understand the categories of global supply chain management risk challenges, with ways to identify and address those risks Utilize a five-step framework to address the management and mitigation of supply chain risks
Methodology	<ul style="list-style-type: none"> The slide presentation will be made by the facilitator supported by video streaming. Time will also be set aside for Q&A Time will also be set aside for Q&A Online Interactive learning using Zoom platform
Course Contents	<ul style="list-style-type: none"> Approaches defining the risk Impact of risk on organization Scope of Risk Management in SCM Principles and aims of risk management Risk Management Standards Case study 1 Case Study 2 Group discussion on Identifying risk at your organisation Solutions to minimize the risks
Target Participants	Warehouse Managers, Executives and Supervisors, Logistics Managers, Executives and Supervisors, Manufacturing Industries Managers, Executives and Supervisors, Store keepers, Stock or Inventory Controller and any individual who is connected with financing functions in an organization and those who are responsible for developing the strategy for SSCM should attend this program
