FREE WEBINAR

APulsar

Talk organised under Business Promotion Package FMM

Collaborative Robots Technology

SELECTING THE RIGHT COBOT FOR YOUR APPLICATIONS

27 JANUARY 2026 (TUESDAY)

10:00AM | ZOOM

ABOUT THE WEBINAR

Learn about the different generations of motion and safety technologies used in collaborative robots to determine the most suitable type of robots for your specific applications. This talk covers the evolution of Cobot technology that led to the development of industrial, commercial and impedance controlled Cobots.

Key Topics Covered:-

- First Generation Cobot Brake Technology
- Second Generation Cobot Brake Technology
- No-collision safety technology
- Impedance controlled Cobots
- Practical applications and Case Studies
- Interactive Question & Answers

Don't miss this opportunity! We look forward to your participation
