Issues for Discussion at PEMUDAH Melaka Meeting

We are pleased to inform that the Special Taskforce to Facilitate Business (PEMUDAH) Melaka has been established on January 5, 2011 although its first meeting was only held on June 23, 2011. The PEMUDAH Melaka is a public-private sector partnership to recommend and implement public service improvements, towards making Malacca more business friendly. PEMUDAH Melaka is co-chaired by Datuk Wira Omar bin Kaseh, Malacca State Secretary and Datuk Jeffery Ong Cheng Lock, Chairman, FMM Malacca Branch.

The primary objective of PEMUDAH Melaka is to improve the public delivery system in the state. This would entail overhauling services at land offices, local authorities and frontline agencies as well as ensuring merit-based performance standards, raising market activity for a competitive economy and instilling a culture of serving with integrity.

PEMUDAH Melaka will meet once in every two months. Members may submit their issues by using the attached format. Kindly ensure that adequate details are provided when submitting the issues.
